Responsibility Action List for Meta

1. Strategy

Reorienting Meta's business and operational strategy towards ethical and responsible goals.

Action 1.1: Enhance Transparency in Content Moderation

- **Specific**: Regularly publish reports on flagged and moderated content, algorithms used, and policies implemented.
- **Measurable**: Issue biannual transparency reports starting Q3 2025.
- **Achievable**: Partner with independent oversight bodies for verification.
- **Relevant**: Rebuilds user trust and aligns with societal expectations.
- **Time-Bound**: First report by Q3 2025.

Action 1.2: Introduce Subscription-Based Revenue Models

- **Specific**: Launch ad-free premium subscription options for platforms like Instagram and Facebook.
- **Measurable**: Achieve 10% of revenue from subscriptions by 2026.
- **Achievable**: Start with beta testing in key markets.
- **Relevant**: Reduces reliance on ad-driven algorithms that prioritize engagement over ethics.
- **Time-Bound**: Pilot launched by Q1 2025.

Action 1.3: Establish an Ethical AI Development Policy

- **Specific**: Create guidelines for responsible AI use, emphasizing fairness, accountability, and transparency.
- **Measurable**: Ensure all AI systems undergo independent ethical audits annually starting in 2025.
- **Achievable**: Allocate resources to an internal AI ethics committee.
- **Relevant**: Aligns AI-driven initiatives with societal good.
- **Time-Bound**: Policy operational by Q4 2025.

2. Structure

Transforming Meta's structural framework to enhance accountability and operational efficiency.

Action 2.1: Establish an Independent Ethical Oversight Board

- **Specific**: Create a board of diverse members (academics, NGO leaders, community representatives).
- **Measurable**: Conduct quarterly reviews starting Q4 2025.
- **Achievable**: Use existing infrastructure for onboarding.
- **Relevant**: Ensures unbiased evaluation of corporate decisions.
- **Time-Bound**: Operational by Q3 2025.

Action 2.2: Decentralize Decision-Making

- **Specific**: Empower regional offices with autonomy for decision-making based on local cultural and legal needs.
- **Measurable**: 50% of decisions localized by 2026.
- **Achievable**: Train regional leaders and allocate budgets.
- **Relevant**: Improves responsiveness to diverse user bases.
- **Time-Bound**: Phase one launched by Q2 2025.

Action 2.3: Implement Accountability Metrics for Leadership

- **Specific**: Introduce KPIs tied to responsible practices, such as carbon reduction or diversity hiring.
- **Measurable**: All senior leaders to have 30% of their bonuses tied to KPIs by 2025.
- **Achievable**: Integrate into existing performance evaluation systems.
- **Relevant**: Aligns leadership goals with company-wide responsibility initiatives.
- **Time-Bound**: Metrics implemented by Q1 2025.

3. Culture

Fostering a workplace culture that promotes inclusivity, well-being, and ethical behavior.

Action 3.1: Reduce Burnout with a 4-Day Workweek Pilot

- **Specific**: Pilot a 4-day workweek for specific teams, focusing on high-stress roles.
- **Measurable**: Reduce burnout rates by 50% by 2026.
- **Achievable**: Start with pilot programs in Q1 2025, followed by scaling.
- **Relevant**: Enhances employee well-being and retention.
- **Time-Bound**: Pilot evaluation completed by Q2 2025.

Action 3.2: Launch DEI (Diversity, Equity, and Inclusion) Mentorship Program

- **Specific**: Pair underrepresented employees with senior mentors to foster leadership growth.
- **Measurable**: 30% of mentees promoted within 3 years.
- **Achievable**: Use internal data to identify and train mentors.
- **Relevant**: Promotes equitable career advancement.
- **Time-Bound**: Program launch by Q2 2025.

Action 3.3: Conduct Annual Ethics and Responsibility Training

- **Specific**: Train all employees on ethical decision-making and responsible practices.
- **Measurable**: 90% participation rate by end of 2026.
- **Achievable**: Deliver training via online platforms and in-person workshops.
- **Relevant**: Aligns workforce behavior with organizational values.
- **Time-Bound**: First session by Q3 2025.

4. Purpose

Aligning Meta's core purpose with environmental and societal impact.

Action 4.1: Achieve Carbon Neutrality

- **Specific**: Transition to 100% renewable energy for global operations.
- **Measurable**: Reduce greenhouse gas emissions by 50% by 2028, neutrality by 2030.
- **Achievable**: Partner with renewable energy providers and invest in offsets.
- **Relevant**: Reduces environmental footprint.
- **Time-Bound**: Carbon neutrality by 2030.

Action 4.2: Launch Global Digital Literacy Campaign

- **Specific**: Educate users on misinformation and online safety through workshops and resources.
- **Measurable**: Reach 10 million participants by 2027.
- **Achievable**: Partner with NGOs and educational institutions.
- **Relevant**: Empowers users to navigate digital spaces responsibly.
- **Time-Bound**: Campaign launch by Q2 2025.

Action 4.3: Expand Accessibility Features on Platforms

- **Specific**: Ensure all platforms are fully accessible to users with disabilities.
- **Measurable**: Achieve WCAG 2.1 compliance for all services by 2025.
- **Achievable**: Leverage internal teams and third-party audits.
- **Relevant**: Improves platform inclusivity and user experience.
- **Time-Bound**: Full compliance by Q4 2025.

Interdependence of Actions

- **Strategy** ↔ **Purpose**: Carbon neutrality (Action 4.1) and revenue diversification (Action 1.2) support a more ethical business model.
- **Structure** ↔ **Culture**: Decentralizing decision-making (Action 2.2) aligns with employee training (Action 3.3) to empower localized ethical practices.
- **Culture** ↔ **Purpose**: DEI mentorship (Action 3.2) and digital literacy campaigns (Action 4.2) promote societal equity and inclusivity
